Subject: ACE Cap Orders

From our Forest Manager, Bill Conway:

The use of **ACE Caps** was discussed in our current [Feb/Mar 2020 edition](#) of the [Smoke Signals](#). In there, you will read how ACE Caps are use for protection of the evergreen trees from Spruce Bud Worm.

Bill Conway has been able to obtain a discounted price from the manufacturer with a bulk order. Owners can participate in this order with a minimum order of 75 ACE caps for \$56.25 with no shipping charge. Additional Caps can be ordered in multiples of 75.

These ACE Caps will be ready for pickup at the same time as the MCH packs in late May. **Orders must be placed by April 1, 2020.** Contact Bill at arrowheadforestmanager@gmail.com or [541-729-6259](tel:541-729-6259)
