🚧 The Alpine Forestry Gate south of Spruce Rd. is CLOSED. 🚧

With the Forest Service permission, the Arrowhead Patrol has had to close and lock the forestry gate south of Spruce Rd.

Because of the Hwy 50 Bridge closure, members of the public have been trying to use the Alpine/Forestry Road as a way to Lake City, and are getting stuck in the snow and mud. The State Forestry came up on Saturday and placed their own lock on the gate and gave Patrol the combination.

Also, CDOT has placed an electronic sign at the bottom of the Alpine, at mail boxes, to let people know this is NOT A THRU ROAD to Lake City. CDOT has set up a checkpoint at the Black Canyon turn off as well.
