

With Our Deepest
APPRECIATION

We Hereby Honor
William Conway

**How will we miss thee – let us
count the ways....**

**Your Many Years of Visionary
Guidance, Exceptional Leadership
and Unconditional Commitment
Serving As a Member of Our
Arrowhead Community**

Thanks You!

Bill and Bonnie Conway joined our Arrowhead community in 2004. Since that time, Bill has educated our community on how to preserve the forest with promotion and implementation of the MCH program to fight the beetles, and then AceCaps to fight the worms.

Bill has assisted many owners in developing mitigation plans to protect their property, and assisted in obtaining grant funds for financial assistance to implement those plans. Bill has spent countless hours cutting down trees and cutting slash, then managing volunteers on cleanup days to load and haul to the forest refuse site. Bill has managed the refuse site and been responsible for orchestrating the annual bonfire to clear the collected debris.

Bill worked with contractors and individuals who have provided time and equipment at no charge to the community, and recently negotiated a sale of timber from the 2021-22 winter blowdown. Bill has worked with government entities and companies to keep logging projects safe for the Arrowhead residents.

Bill has been an active supporter of the fire department teaching classes on fighting wildfires and arranging for volunteers to put up MCH packs for owners for a donation to the fire department. Bill has served as AIA forest manager, and has also volunteered countless hours and his expertise to the Arrowhead community.

It is with all of Arrowhead's gratitude that we bid Bill and Bonnie farewell to enjoy their "bucket list."

We'll miss you
too, Bill!!!
